

T5-001 CAPACITOR BOX

Features:

- .Safety moulded piggy-back jumper to make the series and parallel connections easier
- .Non-polar capacitor box

Specifications:

- .0 to 15 μ F, supplied with 12 jumpers
- .Accuracy: 1%
- . U_{MAX} : 400V
- .Safety sockets: Φ 4mm
- .C (μ F): 0.5-1-2-2-5-5
- .Dimensions(W \times H \times D): 90 \times 100 \times 160mm
- .Weight: 0.5kg

T5-001

T8-005 STAR-DELTA SWITCH

Features:

- .Star/delta starter for the three-phase squirrel-cage induction motors

Specifications:

- .Max. Voltage: 400V
- .Max. Current: 10A
- .Safety sockets: Φ 4mm
- .Dimensions(W \times H \times D): 240 \times 90 \times 170
- .Weight: 0.5kg

T8-005

T4 SERIES EXPERIMENTS BOXES

Features

- . Plastic box can be mounted on other surface
- . Φ 4mm safety socket connection
- . Dimensions (W \times H \times D): 115 \times 80 \times 130mm

T4-100 series transformer

- . 230VAC input and 0-6VAC-12VAC output
- . 50VA rated power (Max.)
- . Fuse for over current protection

T4-200 series current transformer

- . 20A input and 5A, 2.5A output
- . 720V operating voltage (Max.)
- . Working frequency: 50Hz/60Hz
- . Accuracy: 1.0%

T4-300 series shunt

- . 20A input and 100mV output
- . Accuracy: 0.5%
